IMPORTANT DATES FOR CLASS 724

- 04/10/2024 Wednesday – Application packages available on the website and/or Administration office. **A \$10 application fee to the Englewood Fire Training Center is due upon submission.**
- 06/03/2024 Monday – Completed Applications due by 12:00pm - **Return to Administration Office.**
- 06/07/2024 Friday – *Practice Ability Assessments*, 9:00am (\$25) to participate. **Pre-register on EFTC website.**
- 06/14/2024 Friday – Ability Test, 9:00am at the **Englewood Fire Training Center**
- 06/18/2024 Tuesday - **Mandatory Meeting**, 5:00pm. (Registering & Fitting for Gear) at the **EFTC campus.**
- 07/06/2024 Saturday – First Day of Class at 9:00am.

APPLICATION CHECKLIST **(No Applications will be accepted unless this checklist is fulfilled)**

**** A Notary is available at the Administration Office, please call ahead for availability****

1. _____ **Application Page** (Completed)
2. _____ **Separation Agreement** (Signed & Dated)
3. _____ **No Refunds Acknowledgement** (Signed & Notarized)
4. _____ **Indemnity & Hold Harmless Agreement** (Signed & Dated)
5. _____ **VFIS Annual Medical Statement** (Completed, Signed & Dated)
6. _____ **Application for Firefighter's Certification Examination (STATE FORM DFS-K4-1016)**
(Completed with attachments, Signed & Dated)
7. _____ **Personal Inquiry Waiver (STATE FORM DFS-K4-1020)** (Completed, Signed & Notarized)
8. _____ **Medical Examination to Determine Fitness (STATE FORM DFS-K4-1022)** (Completed & Signed by Physician)
9. _____ **Signed Tobacco Affidavit** (Completed, Signed & Notarized)
10. _____ **Copy of High School Diploma** (Transcripts and/or College Degrees are also acceptable)
11. _____ **Copy of Driver's License & Health Insurance card.**
12. _____ **Copy of EMT card** (if applicable)
13. _____ **Create FCDICE account** (Instructions attached)
14. _____ **Copy of Receipt for Electronic Fingerprinting & Background Check – ORI Number FL920780Z**
(Instructions and Resources attached)
15. _____ **Completed Online Course Requirements *Need printed certificates** (Instructions/Links attached)
16. _____ **\$10 Application Fee** (cash or check) **to be submitted with application.**

ENGLEWOOD FIRE TRAINING CENTER COST SHEET

FIRE FIGHTER I & II TUITION		
Tuition (492 Hours)	Instructor & Incidentals	\$3200.00
Books	Jones & Bartlett 4 th Edition Package	\$175.00
Uniform	Class A shirt & Gym clothes	\$65.00
Fit Test	Fitting the SCBA mask	\$35.00
Webbing	Webbing	\$25.00
Capstone (53 Hours)	Added hours	\$500.00
	TOTAL	\$4000.00

TUITION IS NON-REFUNDABLE

TERMS OF TUITION - Cost of tuition is \$4000. All costs/fees will be paid to the E.F.T.C. in the form of check, cash or money order. If you wish to use a credit card a processing fee of \$200.00 will be applied. Any returned checks will be charged an administrative fee of \$35.00.

TUITION DEADLINE: WEDNESDAY, JULY 5, 2024.

OUTSIDE / OTHER COSTS (Student Responsibility)	
--- Fittings are performed at Mandatory Meeting ---	
Fire Boots, Gloves & Hood	\$350.00
Gear Rental / Coats, Pants, Suspenders & Helmet	\$530.00
SCBA Rental / Mask, Harness & Air Tank	\$470.00
	TOTAL \$1350.00

APPLICATION COSTS (Student Responsibility)	
Fingerprints	Approximately \$50.00-\$60.00
Physical / Medical Exam	Cost varies
State Exam Fees *paid by mid-term of the school year; required for practical test	Approximately \$50.00-\$60.00

ENGLEWOOD FIRE TRAINING CENTER

Abilities Assessment

**All events will use Coat, Gloves and Helmet at a minimum. Some events may include a Scott Air-Pak (SCBA).*

EVENT 1 – STAIR CLIMB

Equipment:

Bunker coat, helmet, and gloves. Drill tower four (4) stories in height.

Purpose of Evaluation:

This event is designed to stimulate essential tasks of climbing stairs in full protective clothing while carrying a high-risk pack (Hose bundle). This event challenges your aerobic capacity, lower body muscular endurance, and ability to balance.

Event:

Wearing a bunker coat, helmet and SCBA the candidate will climb the stairs starting at the ground floor and go to the top level of the drill tower. This will be while carrying a 50-foot section of 2-1/2" folded over the candidate shoulder. Once at the top floor, the candidate will descend the stairs back to ground floor where the candidate will then place the hose on the ground in the designated area.

Failures:

Failing to complete the task or dropping the hose will constitute a failure of this event. During the test, you are permitted to touch the wall or handrail momentarily. However, if the wall or handrail is grasped or touched for an extended period of time, or if the wall or handrail is used for weight bearing, you are warned. Only two warnings are given. The third infraction constitutes a failure, the test time is concluded and you fail the test.

EVENT 2 - HOSE DRAG

Equipment:

This event uses uncharged hose line with nozzle. The hose line is marked at 8 feet past the coupling to indicate a maximum amount of hose you are permitted to drape across your shoulder or chest. The hose line is also marked at 50 feet past the coupling at the nozzle to indicate the amount of hose line that you must pull into a marked box before completing the test.

Purpose of the Evaluation:

This event is designed to simulate the critical tasks of climbing stairs in full protective clothing while carrying a high-rise pack (hose bundle) and climbing stairs in full protective clothing carrying fire fighter equipment. This event challenges your aerobic capacity, lower body muscular endurance and ability to balance. This event affects your aerobic energy system as well as the following muscle groups: quadriceps, hamstrings, glutes, calves, and lower back stabilizers.

Event:

For this event, you must grab a hose line nozzle attached to 200 feet of 1-3/4" hose. Place the hose line over your shoulder or across your chest, not exceeding the 8-foot mark. Drag the hose 75 feet to a pre-positioned drum, and make a 90 degree turn around the drum, and continue an additional 25 feet. Stop within the marked 5 x 7-foot box and drop to at least one knee and pull the hose line until the 50-foot mark crosses the line. During the hose pull, you must keep at least one knee on the ground at all times and within the boundary box lines.

Failures:

During the hose drag, if you fail to go around the drum or go outside of the marked path (cones), the test time is concluded, and you fail the test. During the hose pull, you are warned if at least one knee is not kept in contact with the ground. The second infraction constitutes a failure, the test time is concluded, and you fail the test. During hose pull, you are warned if your knees go outside the marked boundary line. The second infraction constitutes a failure, the test time is concluded, and you fail the test.

EVENT 3 – EQUIPMENT CARRY**Equipment:**

This event uses two Fire Extinguishers and a tool cabinet replicating a storage cabinet on a fire truck.

Purpose of Evaluation:

This event is designed to simulate the essential tasks of removing extinguishers from a fire apparatus, carrying them to the emergency scene, and returning the equipment to the fire apparatus. This event challenges your aerobic capacity along with upper and lower body muscular strength and endurance.

Event:

For this event, you must remove two extinguishers from tool cabinet, one at a time, place them on the ground. Pick up both extinguishers up, one in each hand. You are permitted to place the extinguisher on the ground and adjust your grip. Upon return to the tool cabinet, you may place the extinguishers on the ground prior to replacing them in the cabinet.

Failure:

If you drop either Fire Extinguisher on the ground during the carry, the test time is concluded and you fail the test. You receive one warning for running. The second infraction constitutes a failure, the test time is concluded and you fail the test.

EVENT 4: LADDER RAISE**Equipment:**

This event uses two 24-foot (7.32-m) fire department ladders.

Purpose of Evaluation:

This event is designed to simulate the critical tasks of placing a ground ladder at a fire structure and extending the ladder to the roof or window. This event challenges your aerobic capacity, upper body muscular strength, lower body muscular strength, balance, grip strength, and anaerobic endurance. This event affects your aerobic and anaerobic energy systems as well as the following muscle groups: biceps, deltoids, upper back, trapezius, muscles of the forearm and hand (grip), glutes, quadriceps, and hamstrings.

Event:

For this event, you must walk to the top rung of the 24-foot (7.32-m) aluminum extension ladder, lift the unhinged end from the ground, and walk it up until it is stationary against the wall. This must be done in a hand over hand fashion, using each rung until the ladder is stationary against the wall. Once the ladder is in place you will return the ladder back onto the ground. This must be done in a hand over hand fashion, using each rung until the ladder is completely horizontal and returned to its original position. Immediately proceed to the pre-positioned and secured 24-foot (7.32-in) aluminum extension ladder, stand with both feet apart and extend the fly section hand over hand until you lock the dogs on the top rung. Then, unlock the dogs from the top rung, lower the fly section hand over hand in a controlled fashion to the starting position. Again, locking the dogs on the bottom rung. This concludes the event.

Failures:

If you miss any rung during the raise, one warning is given. The second infraction constitutes a failure, the test time is concluded, and you fail the test. If you allow the ladder to fall to the ground the test time is concluded, and you fail the test. If you do not maintain control of the ladder in a hand over hand manner, let the rope halyard slip in an uncontrolled manner or fail to lock the dogs at either the top or bottom rung, your test time is concluded, and you fail the test.

EVENT 5: FORCIBLE ENTRY**Equipment:**

This event utilizes a large truck tire and a 10-pound sledgehammer. The Keiser Sled may be used in place of a tire.

Purpose of Evaluation:

This event is designed to simulate the critical tasks of using force to open a locked door or to breach a wall. This event challenges your aerobic capacity, upper body muscular strength and endurance, lower body muscular strength and endurance, balance, grip strength and endurance, and anaerobic endurance. This event affects your aerobic and an aerobic energy system as well as the following muscle groups: quadriceps, glutes, triceps, upper back, trapezius, and muscles of the forearm and hand (grip).

Event:

For this event, participants use a 10-pound sledgehammer to strike a large truck tire until the tire moves completely five (5) feet across the completion line. If the Keiser sled is used, you must keep your feet outside the toe-box at all times. After the buzzer is activated, place the sledgehammer on the ground. This concludes the event.

Failure:

If you do not maintain control of the sledgehammer and release it from both hands while swinging, it constitutes a failure, the test time is concluded and you fail the test. If you fail to move the tire across the completion line, it is considered a failure. If the Keiser Sled is used and you step inside the toe-box, one warning is given. The second infraction constitutes a failure, the test time is concluded and you fail the test.

EVENT 6 – SEARCH:

Equipment:

This event uses an enclosed room as a search maze that has obstacles and narrowed spaces.

Purpose of Evaluation:

This event is designed to simulate the critical task of searching for a fire victim with limited visibility in an unpredictable area. This event challenges your aerobic capacity, upper body muscular strength and endurance, agility, balance, anaerobic endurance, and kinesthetic awareness. This event affects your aerobic and anaerobic energy systems as well as the following muscle groups: muscles of the chest, shoulder, triceps, quadriceps, abdominals, and lower back.

Event:

For this event, you must crawl through 200-foot charged hose maze. At a number of locations, you must navigate around over and under obstacles. At any time, you feel you cannot finish the maze raise your hand and you will be assisted out of the maze.

Failures:

A request for assistance that requires exiting the maze before completion constitutes a failure, the test time is concluded and you fail the test.

EVENT 7: RESCUE (DUMMY PULL)

Equipment:

This event uses a 145-pound hose dummy.

Purpose of Evaluation:

This event is designed to simulate the critical task of removing a victim or injured partner from a fire scene. This event challenges your aerobic capacity, upper and lower body muscular strength and endurance, grip strength and endurance, and anaerobic endurance. This event affects your aerobic and anaerobic energy systems as well as the following muscle groups: quadriceps, hamstrings, glutes, abdominals, torso rotators, lower back stabilizers, trapezius, deltoids, latissimus dorsi, biceps, and muscles of the forearm and hand (grip).

Event:

For this event you must grab the hose dummy and drag or carry it 35 feet to a pre-positioned drum, make a 180 degree turn around the drum, and continue an additional 35 feet to the finish line. You are not permitted to grasp or rest on the drum. You are permitted to drop and release the hose dummy and adjust the grip. The entire hose dummy must be dragged or carried until it crosses the marked finish line.

Failures:

If you grasp or rest on the cone at any time, one warning is given. The second infraction constitutes a failure, the test time is concluded and you fail the test.

ENGLEWOOD FIRE TRAINING CENTER Separation Agreement

I _____ understand that during the entire time during my participation in all practical and classroom settings at the Englewood Fire Training Center (EFTC) that I may be expelled at any time for reasons deemed inappropriate by the instructor.

These reasons include, but are not limited to, the following:

1. Insubordination
2. Tardiness
3. Failure of three witness and/or practical of combination of three failures of written and practical exams
4. Failure to complete assigned task
5. Failure to complete mandatory days
6. Any suspected drug or alcohol use
7. Inappropriate behavior or fighting
8. Intentional destruction of EFTC property
9. Theft
10. Wearing EFTC uniforms not related to Training Center functions or training

It is further understood that when expelled from EFTC that there are "NO REFUNDS" of any amount and all equipment and uniforms must be returned within 72 hours. Failure to return equipment and uniforms within the required time constitutes theft and will be turned over to the local law enforcement agency for prosecution.

By signing this agreement, I agree to Hold Harmless the Englewood Fire Training Center and the Englewood Fire Department and all its instructors.

MEDICAL EXAMINATION TO DETERMINE FITNESS FOR FIREFIGHTER TRAINING
BUREAU OF FIRE STANDARDS AND TRAINING

Please print legibly.

NAME: LAST FIRST MI STUDENT ID

TRAINING CENTER E-MAIL ADDRESS CONTACT PHONE NUMBER

For the medical professional conducting the examination: The purpose of this examination is to ensure that the physical, physiological, intellectual, and psychological health of the applicant is suitable for the environment and functions of a firefighter as described on page 2. The examination is required by section 633.412, F.S., before an individual starts firefighter training.

This medical examination must be completed by a physician, surgeon, or physician's assistant licensed to practice in this state pursuant to chapter 458, F.S.; or an osteopathic physician, surgeon, or physician's assistant licensed to practice in this state pursuant to chapter 459, F.S.; or an advanced practice registered nurse licensed to practice in this state pursuant to chapter 464, F.S.

Such examination must include, at a minimum, the following:

- | | |
|--|--|
| Dermatological system, Cardiovascular system | Ears, eyes, nose, mouth, throat |
| Clinical evaluation of 12 lead EKG | Auditory hearing in the pure tone |
| Systolic and Diastolic Blood pressure | Far visual acuity corrected or uncorrected |
| Respiratory system | Peripheral vision |
| Gastrointestinal system | Genitourinary system |
| Endocrine and metabolic systems | Musculoskeletal system |
| Neurological system | |

For the medical professional conducting the examination to complete: (sign in appropriate box)

Based on the results of this medical evaluation, the applicant:

Has no pre-existing or current condition, illness, injury, or deficiencies. The applicant is medically fit to engage in firefighter training.

Has a pre-existing or current condition, illness, injury, or deficiency that presents a safety or health risk in the environment or job functions of a firefighter. The applicant is not medically fit for firefighter training.

Essential Job Tasks and Descriptions from NFPA 1582, 2018 edition

1. Performing firefighting tasks (e.g., hose line operations, extensive crawling, lifting, carrying heavy objects, ventilating roofs or walls using power or hand tools, and forcible entry), rescue operations, and other emergency response actions under stressful conditions while wearing personal protective ensembles and self-contained breathing apparatus (SCBA), including working in extremely hot or cold environments for prolonged time periods. (5.1.1.1)
2. Wearing an SCBA, which includes a demand valve–type positive-pressure face piece or HEPA filter masks, which requires the ability to tolerate increased respiratory workloads. (5.1.1.2)
3. Exposure to toxic fumes, irritants, particulates, biological (infectious) and nonbiological hazards, and/or heated gases, despite the use of personal protective ensembles and SCBA. (5.1.1.3)
4. Climbing six or more flights of stairs while wearing fire protective ensemble weighing at least 50 lbs. or more and carrying equipment/tools weighing an additional 20 to 40 lbs. (5.1.1.4)
5. Wearing fire protective ensemble that is encapsulating and insulated and SCBA, which will result in significant fluid loss that frequently progresses to clinical dehydration and can elevate core temperature to levels exceeding 102.2°F (39°C). (5.1.1.5)
6. Wearing personal protective ensemble and SCBA, searching, finding, and rescue-dragging or carrying victims ranging from newborns up to adults weighing over 200 lbs. to safety despite hazardous conditions and low visibility. (5.1.1.6)
7. Wearing personal protective ensemble and SCBA, advancing water-filled 2 ½ diameter hose lines from fire apparatus to occupancy [approximately 150 ft.], which can involve negotiating multiple flights of stairs, ladders, and other obstacles. (5.1.1.7)
8. Wearing personal protective ensemble and SCBA, climbing ladders, operating from heights, walking or crawling in the dark along narrow and uneven surfaces, and operating in proximity to electrical power lines and/or other hazards. (5.1.1.8)
9. Unpredictable emergency requirements for prolonged periods of extreme physical exertion without benefit of warm-up, scheduled rest periods, meals, access to medication(s), or hydration. (5.1.1.9)
10. Operating fire apparatus or other vehicles in an emergency mode with emergency lights and sirens. (5.1.1.10)
11. Performing critical, time-sensitive, and complex problem solving during physical exertion in stressful, hazardous environments, including hot, dark, tightly enclosed spaces, that is further aggravated by fatigue, flashing lights, sirens, and other distractions. (5.1.1.11)
12. Ability to give and comprehend verbal orders while wearing personal protective ensembles and SCBA under conditions of high background noise, poor visibility, and drenching from hose lines and/or fixed protection systems (sprinklers), hear alarm signals, and hear and locate the source of calls for assistance from victims or other firefighters. (5.1.1.12)
13. Functioning as an integral component of a team, where sudden incapacitation of a member can result in mission failure or in risk of injury or death to civilians or other team members. (5.1.1.13)

TOBACCO AFFIDAVIT

Please type or print legibly.

Fingerprints for Required Background Checks

The applications for Florida Firefighter II, Firefighter II Equivalency, Practical Retention, and Fire Safety Inspector I require you to be fingerprinted and those prints to be submitted for background check through FDLE and FBI.

Below are resources to complete your Fingerprinting/Background Check. You must supply the service provider with an **ORI FL920780Z (Bureau of Fire Standards and Training)**; this will identify the correct Profession and Agency for your request. **You must submit a copy of the receipt from the screening agency with your application.**

- **A-1 Fingerprinting & Drug Screening – (941) 200-5995**
WALK-INS WELCOME, 9:00AM-5:00PM – 13641 Tamiami Trail, North Port
<http://getmea1.com>
- **DTIS**
REGISTER AND MAKE AN APPOINTMENT AT THE NEAREST CENTER
<https://www.daontis.com/home/fdle.do#a>
- **SARASOTA FINGERPRINTS - (941) 248-2154**
<https://www.sarasotafingerprints.com/>
- **SARASOTA LIVE SCAN FINGERPRINTING - (941) 538-7959**
<https://www.flfingerprinting.com/#appointment>
- **eFingerprints - (941) 706-2336**
<https://www.efingerprints.org/>

Your fingerprints will be sent electronically from the fingerprinting location to the FDLE and FBI.
The results will be sent directly to the Bureau of Fire Standards and Training, normally within 24/48 hours.
